PROJECT FACT SHEET

Salem River, NJ

September 2005

CONGRESSIONAL INFO: Sen. Corzine NJ, Sen. Lautenberg NJ, Rep. LoBiondo, NJ-2

ACTIVITY: O & M, General

TYPE: Navigation

LOCATION: Salem River, Salem County, New Jersey

PROJECT DESCRIPTION: The existing project, adopted in 1925 (HD 68-110), provides for an entrance channel 12' deep and 150' wide in the Delaware River across Salem Cove to the mouth thence 12' deep and 100' wide to the fixed highway bridge in Salem. It also provides for a cutoff between the mouth and Salem. The project length is approximately 5 miles.

PROJECT STATUS: In FY 2004, \$101,000 was expended for plans and specification and to obtain environmental permits for proposed maintenance dredging. Remaining FY 2004 funds were reprogrammed. Maintenance dredging is awaiting sufficient funds to advertise and local contribution. Estimated contract award funds needed is \$1,100,000.

FINANCIAL DATA:

(\$000)	FY 2003	FY 2004	FY 2005	FY 2006*
Maintenance Dredging	0.0	700.0	125.0	0.0
TOTAL	0.0	700.0	125.0	0.0
